

For Poster Presenters

All poster sessions will be held at rooms provided. Each poster presentation is allotted on one poster board. Presenters should use mounting equipment (will be provided by staffs) to put up your posters. The presenters must bring their own posters.

Poster instruction

- The size of poster panel is **A0 : 841 mm x 1,189 mm (w x h)**.
- The title should be composed of *capital* letters at least one inch high.
- Use the minimum amount of text possible. Only use what is necessary to make your point. Be concise, but answer the basic questions (What, When, Where, How, Why) using the standard format. Introduction (background, statement of problem, purpose/objectives), Methods (experimental design, techniques), Results (data summary, findings), and Conclusions (interpretations, implications) organize the material to tell a logical, coherent story.
- Use large, **bold** lettering for readability. Use fonts that are easy to read (i.e., avoid fancy fonts). All text should be easily read from a 2-meter (+) distance.
- Use borders or white space to separate sections. Avoid large, continuous blocks of text.
- Use figures (graphs, charts and illustrations) (with captions) as much as possible, making sure that they are legible.
- The use of color will enhance poster readability (i.e., for contrast and to highlight important points) and attractiveness. Aesthetics are an important part of preparing a poster that will attract attention.
- Summarize results/findings. Bullets work well to summarize key points or contributions of the stud
